3. Search and write down the meaning of any additional words you didn't understand

4. Answer the following questions:

- a. Think about what kind of transportation you **would** like to take to school. **Would** you like to ride a horse? How about a helicopter or a sled? In your notebook, draw a picture that illustrates how you **would** like to get to school and write a few sentences explaining why. (*hint: use the word "would"!*)
- b. What if the article included a section explaining how you get to school? Write a short paragraph about your journey to school that could be included in this article.

- c. Look at the map below. How could you get from Layag Layag, Philippines to Mountain Village, USA? Which direction would you go? What form of transportation would you take? What bodies of water would you cross?
