

**Week:** June 1 and the assignment is due on June 8

### **My greatest accomplishment**

Imagine you are applying to a school or a job that requires a personal statement about your greatest accomplishment. Write an essay about it. Use these questions to organize your ideas.

1. What has your greatest accomplishment been? Has it changed you in any way? How?
2. What are some interesting or unusual facts about yourself that make you a good choice for the job or school?
3. What is something you hope to have achieved in the future? When, why and how will you reach this goal? Will achieving it change you? Why or why not?
